[INSERT COMPANY] IS CELEBRATING THE PROS

[INSERT COMPANY] is Celebrating Canine Companions® Service Dogs During National Service Dog Month **[CUSTOMIZE HEADLINE AS NEEDED]**

[MARKET] **[INSERT DATE]** – September is National Service Dog Month, and **[INSERT COMPANY]** is celebrating the PROS with national non-profit Canine Companions who created the concept of service dogs nearly 50 years ago.

Nearly 1 in 4 people in the U.S. have a disability. Many face physical barriers to meeting daily needs, such as turning on light switches and carrying groceries. Canine Companions transforms the lives of people with disabilities by providing expertly trained service dogs to help with these types of tasks – as well as provide unconditional love and acceptance.

[INSERT COMPANY] and Canine Companions are leading the way to educate the public on service dogs and the life-changing work they do for people with disabilities. Hundreds of people across the country are on the waitlist for a Canine Companions service dog.

A service dog is specially trained to perform tasks to help a person with a disability to live with greater independence. You can test your service dog knowledge and learn more about service dogs by taking this [fun quiz](#). Did you know service dogs and their handlers are allowed to go anywhere the public is allowed? There are other types of dogs that don't have access to public places, though like emotional support animals. Learn the difference between these types of dogs in your community [here](#).

[COMPANY] knows how important it is that service dog teams can get around public places safely and confidently. In honor of National Service Dog Month, **[COMPANY]** is asking you to [protect the rights of service dogs and their handlers](#).
